EDUCATION

Makers Full Stack Academy

Full Stack Intensive Bootcamp

UK, London

Aug. 2022 – Dec 2022

Coventry University

Bsc Accounting & Finance 2.1

UK, Coventry

Sep. 2014 – June 2017

EXPERIENCE

Financial Accountant

Brick By Brick

Aug. 2020 – June 2021

UK, London

- Streamlined month end processes and reduced overall time from 10 days to 7 days
- Mentored subordinates and assisted in preparing them for their Accounting exams

Accounts Assistant

Battersea Power Station

Sep. 2019 – Apr. 2020

UK, London

- Communicated with various stakeholders to ensure outstanding creditors were below 90 days
- Took initiative and migrated over 2000 invoices over from Microsoft Navision to Microsoft Dynamics 365
- Developed VBA macros to automate tedious tasks in Microsoft Excel

Purchase Ledger Clerk

Paced Ltd

Nov. 2018 – Sep. 2019

UK, London

- Explored methods to improve overall efficiency in the AP department
- Developed AHK script to speed up morning routine
- Saved £3,000+ in carriage costs due to recommending to logistics to switch couriers through extensive research
- Took initiative and took on additional responsibility from the management accountant and took full ownership of several month end processes

PROJECTS

To-Do List | *MongoDB, Express, React, Node.js, Bootstrap*

[Code](#)

- Developed a full stack program to help me manage tasks throughout the day. Users can register, log in, add to-do's, delete and update existing to-do's
- Implemented CI/CD using nodemon to see changes in real time
- Incorporated Bootstrap for clean, slick component styling

Rat Race | *HTML, CSS, Javascript, React*

[Code](#)

- Developed a front-end web application based off Snakes & Ladders collaboratively with 6 others using React as the frontend
- Implemented fully functioning dice roll and 2 player functionality

Adopt a Pet | *HTML, CSS, Javascript, React*

[Code](#)

- Developed a front-end web application with data being fed from a public API highlighting pets for adoption within the US
- Implemented the ability to filter search parameters
